ROOSEVELT WILL BEGIN TOUR OF PENNSYLVANIA

Dixon Calls on Taft to Crush
Fraud in Kentucky Elec-
tion Returns

CHICAGO, April 9.—Ideal weather
pointed to the heaviest vote in the
history of Illinois in today's primaries.
The Roosevelt forces claim they will
carry every district, and the Taftites
are as confident.

Before the polls had been opened
an hour hundreds of charges of illegal
voting had reached the commissioners
despite the efforts of thousands of de-
puties. Three unidentified men stab-
bed Thomas O'Brien, a political work-
er, perhaps fatally. They escaped.

The women are active at the polls.
The vote up to noon was heavier
than the entire vote of 1908. That
between 300,000 and 400,000 votes
will be cast in Cook County is pre-
dicted. Governor Deneen claims the
gubernatorial re-nomination by 30,
000 votes.

A 5-cent ballot is delaying the vot-
ing.

OSBORN HOPES FOR ROOSEVELT'S NOMINATION

LANSING, Mich., April 9.—A state-
ment issued by Governor Osborn ad-
dressed to the people of Michigan
says in part:

"I hope the Republicans will nomi-
nate Theodore Roosevelt and that the
Democrats will nominate Woodrow
Wilson. Whichever is then elected
will insure an administration in
fullest sympathy with the highest
welfare of all the people."

CALIFORNIA AWAITS ILLINOIS AND NEW YORK NEWS

SACRAMENTO, April 9.—Governor
Johnson failed to return from San
Francisco today, partly because he is
unwell, and partly through a desire
to consult further with Roosevelt
leaders, and to watch the news from
the Illinois primaries and the New
York convention.

Roosevelt headquarters is evincing
the keenest interest in New York,
apparently believing that today's re-
sults will largely settle the result of
the presidential campaign.

DIXON SCORES TAFT FOR DISREGARDING FRAUD

WASHINGTON, April 9.—Senator
Dixon, Col. Roosevelt's political man-
ager, has addressed a letter to Presi-
dent Taft, in which he calls attention
to a telegram from former Chief Jus-
tice of the Kentucky Supreme Court
Edward C. O'Rear, in which O'Rear
says that returns give Roosevelt the
first district of Kentucky, but that
the chairman of the McCracken
county committee, who is deputy
postmaster at Paducah, has signed
the Taft certificates, although Roose-
velt had won by 1006 to 517.

To this Senator Dixon adds, ad-
dressing the President:

"I call your attention to certain
obvious facts emphasized by this
telegram.

"First, several different specified
federal officeholders are here charged
with open and flagrant violations of
law, of civil service regulations and
of executive orders issued by the
President of the United States.

"Second, these acts were commit-
ted by supporters of your candidacy
for re-nomination, and on the theory
that they were in the interests of
that candidacy.

"Third, these acts operate to sub-
vert the directly expressed will of
the majority of the voters in the
districts where committed. In plain
language these acts constitute theft.

"Fourth, unless they are promptly
repudiated by you and those who
committed them are immediately cit-
ed to trial, you will not escape the
charge of being willing to profit
knowingly by such theft.

"Fifth, in other words, you will
become the deliberate receiver of
stolen goods.

"Protests as to similar vicious acts
by federal officeholders in other
states have been made to you with-
out evoking response.

"Failure on your part now to act
in prompt rebuke and punishment of
these crimes can only convince the
public that the assault on your hon-
or by your subordinate in Kentucky
is justifiable.

"I call on you, not as a candidate
for re-nomination, but as President of
the United States, to issue an order
to the officeholders of Kentucky to
cancel their illegal action; to punish
these men guilty of violating the civil
service rules and the orders of your
predecessor; to enforce the law.

Imbecile Girl At Bedside of Dead Musician

NEW YORK, April 9.—With a
beautiful imbecile girl gibbering at
his bedside professor Louis
Parma, a famous music master,
and director of the New York
Conservatory of Music, was found
dead today by the coroner and
physicians. The cause of Parma's
death and the identity of the woman
whom Parma is known to have
guarded and protected for nine
years, are mysteries.

The girl raves in seven lan-
guages. She answers to the names
of Helen and Alice. She was taken
to Bellevue Hospital. Ethel
von Keller, Prof. Parma's secre-
tary, expressed her belief that
the young woman is Parma's
daughter.

ell, editor of the Fresno Republican, will speak on the issues
of the campaign as involved in the Presidential preference
primary to be held May 14.

Mr. Rowell is regarded as one of the ablest editorial

The meeting will be held under the auspices of the
Santa Ana Republican Roosevelt Club, and President Grubb
and Secretary Lamme are making all arrangements for a
most interesting and profitable meeting.

THE PRIMARY IS THE PLACE OF SUPREME POLITICAL IMPORTANCE

April 13th is the last day for registration for the presi-
dential primary election in California. If you are not reg-
istered, see that your name is placed on the register at once.
Under the new law, now in force, women are relieved of any
and all of the embarrassments which arose under the old
law. Do not delay until after April 13th. The primary is
the place at which the citizen really makes the policy of his
government—by expressing choice as between the leading
representatives of distinct policies.

USED REVOLVER NEW YORK STATE TO TAKE OWN CONVENTION LIFE IN SESSION

A. B. Pilyer, Formerly of San
Bernardino, Suicided at
Richfield
Over Instruction of
Delegates

THE BODY FOUND THERE THIS MORNING

Supposition is That the Man
Was Tired of Life Because
of Disease

Evidently weary of life because of
disease, A. B. Pilyer shot and killed
himself Monday night, near Rich-
field. The dead man was a stranger
in the community. The supposition
is that he was tramping through the
country. Between the right hand and
the body of the suicide a revolver
was lying that had evidently sent
the bullet into the man's right eye,
passing up through his head and his
hat.

J. W. Newman, an employee of an
oil company of Richfield, went out
early this morning to stake his horse
on the grass and found the body ly-
ing near the railroad track.

Coroner Winbiger was notified,
and went immediately to Richfield.
An inquest was held at 10:20.

Papers on the body of the de-
ceased revealed his name, A. B. Pilyer,
and that he had once lived in San
Bernardino. Inquiry there found a
brother who will arrive in Anaheim
this afternoon to take charge of the
body.

RAINS FALL OVER SOUTHERN SECTION

Excellent Crops of Vegetables
and Beans Are Assured—
More Rain Expected

LOS ANGELES, April 9.—The rains
of last night and today are likely to
continue through tonight and to-
morrow, according to the Federal weather
bureau. The storm is moving east-
ward.

Fifty-five hundredths of an inch fell
here. Pasadena and Glendale each
had an inch; Santa Barbara and vicin-
ity, an inch and five-hundredths; Riv-
erside, Redlands, San Bernardino and
other citrus belt cities were blessed
with from half an inch to an inch; San
Luis Obispo, sixteen hundredths of an
inch. Growers of small vegetables
and beans are reported as now being
assured of excellent crops.

The rain has postponed the opening
gam of the Vernon-Los Angeles series.

Root and Barnes Factions War
Over Instruction of
Delegates

BARNES AGAINST TAFT INSTRUCTION—ROOT FOR

Taft Letter Rouses Feeling—
Murray Butler Attacks the
Recall of Judges

ROCHESTER, N. Y., April 9.—The
opening session of the State Republi-
can convention was devoted to fram-
ing a platform. Vice President Sher-
man and Senator Root urged that the
delegates be instructed for President
Taft, with William H. Barnes, the Re-
publican leader, opposing, saying that
instructions were unnecessary. The
question was continued until to-
morrow, when the session adjourned after
addresses by Chairman Nicholas and
Murray Butler. A heavy snow falling
did not affect the attendance.

A fight regarding the personnel of
the resolutions committee was waged
by the Root and Barnes factions.
Root showed friends a letter pur-
porting to be from President Taft,
the latter expressing the opinion that
it would be desirable to instruct New
York delegates for him. Barnes was
angered, and accused the President
of "interfering." While the delegates
roll was being called a messenger
rushed to Barnes and told him
Washington was calling him on the
long distance phone. Barnes said:
"Wait a half hour." He refused to
reveal the identity of the person
calling.

Murray Butler said in part:
"Those dissatisfied with the sixteen
administration during the last sixteen
years are of two classes, the fussy,
petulant minority who wish to use leg-
islative power to advance some
or the Socialists and semi-Socialists
who are waging relentless war on
representative government, civil liberty
and rights of property."

Butler vigorously attacked the recall
of the judiciary as "that profoundly
wicked instrument of recall of judges."
He declared that impeachment is a
means at hand for the removal of cor-
rupt judges and that the recall is
"aimed at the courageous, high-minded
judge who defends the people's will
from the people's feeling and the peo-
ple's passion."

Butler defended the sufficiency of
the constitution to meet present
needs, denying they were worn out
any more than the rule of gravita-
tion or the multiplication table. He
asserted that the Republican party
should pledge itself in favor of legis-
lation giving greater protection to
life and health; provide a work-
man's compensation law; recognition
of the social problem; an adequate
modern tanking system; revision
and reduction of import duties; sup-
plementary legislation making possi-
ble a better enforcement of the Sher-
man law; continuation of President
Taft's international policies; check-
ing governmental extravagances;
conservation of natural resources,
and means to avoid tedious and cost-
ly appeals in connection with court
procedure.

MUNICIPAL ELECTIONS HELD YESTERDAY IN SIX CITIES OF SEVEN IN THIS COUNTY

Newport Beach Votes to Keep Saloon—
Two Women Who Were Candidates
For Clerkship Are Defeated—Soc-
ialists Fail to Score

The six cities in this county that are cities of the sixth class held
their city elections yesterday. Santa Ana, a city of the fifth class, alone
of the incorporated cities of the county was not at the voting booth.
Newport Beach, voting under the Wyllie local option law, voted to
stay wet by a vote of 172 for and 69 against. The proposition cannot be
submitted again for two years.

At Anaheim and Fullerton, where the Socialists had full tickets in
the field, the Socialists were unsuccessful. At Orange, W. H. Wright, the
only Socialist running, ran as a member of the ticket opposing the present
city board. He was defeated. Four of the present board were re-elected.

In the six elections, there were two contests where there was a woman
candidate, and in each instance the woman was defeated. In each
fight the contest was for city clerk. At Orange the incumbent, C. W. Hall-
man, defeated Miss Alma Grumm, and at Huntington Beach the incum-
bent, C. E. Lavering, defeated Mrs. Susie Whitmore.

Every one of the six cities has big things planned for the next two
or three years, and the trustees elected yesterday will have a good deal to
do in carrying out plans for the development of their communities.

COOK, STARK AND HAMLER CHOSEN IN VOTE AT ANAHEIM

ANAHEIM, April 9.—The Cook-
Stark-Hamler ticket won in yester-
day's election. E. B. Merrill showed
under his Socialist opponent for
city clerk, and John Hartung of the First
National bank won the spirited fight
for city treasurer.

There were three sets of candidates
for city trustees. One was the So-
cialist, with Frank H. Fox and N. F.
Steadman the nominees for the long
term, four years, and Carl Pressel
for the short term. A. Nagel and
Frank S. Gates for the long term and
John A. Eymann for the short term
came out in a signed statement to-
gether, and were considered a ticket,
with a leaning somewhat to the
church support. John Cook and Wil-
liam Stark for the long term and
George W. Hamler for the short term
replied in a statement.

The vote stood: For long terms—
John Cook, 452; William Stark, 480;
A. Nagel, 292; F. S. Gates, 358; F. H.
Fox, 207; N. F. Steadman, 276. For
short term—G. W. Hamler, 449; J.
A. Eymann, 351; Carl Pressel, 216.
E. B. Merrill for city clerk, up for
re-election, got 784 votes, to 188 for
J. I. McAuley, Socialist.

For treasurer, the vote was: John
Hartung, 470; Chas. A. Boege, 412;
Joseph P. Gibson, 132. Boege until
recently was with the German-Ameri-
can Bank. Hartung is with the First
National. Gibson was the Socialist
candidate.

The question as to whether or not
a salary of \$10 a month should be
paid each city trustee was carried
by 482 votes for and 231 against.

SOCIALIST SHOWING NOWHERE NEAR UP TO WHAT WAS EXPECTED

FULLERTON, April 9.—The show-
ing of the Socialists in the city elec-
tion here yesterday was far under
what they had expected and away un-
der the strength credited to them by
the non-partisans. E. S. Richman and
Gustave Stern were elected trustees
C. A. Giles, present clerk, was re-
elected by a vote of 413 against 202
cast for his Socialist opponent, F.
C. Hezmalak, a well known young
man about town.

The vote on trustees was: E. S.
Richman, 434; Gustave Stern, 311;
A. H. Johnson, 279; C. G. Hamer, 91;
Ed. W. Emery, 105. The last two
named were Socialist candidates.

In the three-cornered fight for city
treasurer, the Socialist candidate, J.
S. Kidd, got 83 votes. W. R. Col-
lis, present treasurer, was defeated by
John R. Gardner with 358 votes
cast for Gardner and 309 for Collis.
As a bank fight, Collis had the back-
ing of the First National and Gar-
dner the backing of the Farmers' &
Merchants'.

Richman and Stern, the successful
candidates for trustees, had the en-
dorsement of a meeting of business
men. Mrs. Carrie Ford, who was a
candidate, withdrew about three
weeks ago.

FRENCH AND HELME AND ROSENBERGER ELECTED YESTERDAY

HUNTINGTON BEACH, April 9.—
E. B. French, M. E. Helme and M. D.
Rosenberger were yesterday elected
trustees of this city, and C. E. Laver-
ing was again elected clerk. French
and Helme are re-elected, and Rosen-
berger is to be the new man on the
board. The hold-overs are Ed. Man-
ning and W. D. Selly.

There were five candidates for the
city board, three to be elected. The
vote stood: E. B. French, 305; M. E.
Helme, 267; M. D. Rosenberg, 222;
L. Gall, 159; H. T. Sundbye, 172.
There was no particular issue in the
campaign, though French, Helme and
Sundbye by many were considered a
ticket, with Rosenberg and Gall
going as a team. The voting, however,
followed no ticket, as the results
show.

The chief interest was in the fight
for city clerk. C. E. Lavering had
Mrs. Susie Whitmore as opponent.
The vote stood: Lavering, 217; Mrs.
Whitmore, 149.

Ralph E. Graves was re-elected
treasurer without opposition.

EVERYBODY PLEASED WITH THE RESULTS IN BRAND NEW TOWN

STANTON, April 9.—Everybody
had his way in the election yesterday,
for there was not a contest on hand.
All the old city officers were re-
elected without opposition. But sev-
enty-eight votes were cast. The officers
elected were: City Trustees—P. J.
Buntain, R. J. Bradford, E. K. Mul-
ler, S. D. Winters and Thomas Hill.
City Clerk—D. L. Warden. City
Treasurer—Harry Barter.

WASHINGTON, April 9.—A bill to
create a national park service in
connection with the Department of
the Interior, under supervision of a
director to be appointed by the Presi-
dent, was introduced yesterday by
Representative Raker of California.
The bureau would have control of all
national parks, monuments and his-
toric grounds acquired by the gov-
ernment, and of the Hot Springs
reservation in Arkansas.

MILLIONS IN CLUTCH OF FAMINE

China Suffers From Starvation,
War, Pillage and Fire in
Every Province

RAIN ADDS TO DISTRESS; PEOPLE DIE BY ROADSIDE

Bandits and Famished are
Looting Towns—Pestilence
Lifts Grisley Front

SHANGHAI, April 9.—With mil-
lions dying of starvation, war, pillage
and fire rampant, trade dead, and dis-
ease stalking in every province, the
conditions in China are reported as
the worst in her history. Famine ex-
tends throughout the land. The re-
lief agency is powerless, and rain is
adding to the general suffering. This
was the statement of Marshall
Broomhall, of the inland missions of
China, who has returned from a trip
through several provinces.

"The people are not congregated as
usual in a famine," said Broomhall.
"They are living in soaked huts or
huddled in the rain on the outside.
Groups of people are aying around
the Confucian temples at Antung.
Children cling to the passers-by, and
their mothers say they are starving.
It is horrible to think one cannot aid
them. Their cattle are gone, and no
dog bark is heard. Children crouch
starving by the roadside.

"There is little complaint. The
people are meeting their doom si-
lently. Depopulation of entire prov-
inces is imminent."

FAMINE RAGES IN SOUTHWEST THOUSANDS ALREADY DEAD

HONG KONG, April 9.—Missionary
refugees arriving today state that
thousands have already succumbed
to the famine raging throughout the
southern provinces, and hundreds of
thousands are in danger of starva-
tion and death from pestilence. Pro-
visions are exhausted, and horses and
dogs are being devoured in nearly a
hundred villages. The few remain-
ing rice fields in many sections are
being devastated by bandits. Organi-
zed bands of famine sufferers are
pillaging the larger towns where food
is still available.

Dead bodies are lying in the
streets, and the spread of disease is
certain. There seems no apparent
means of relief.

FLOOD IS NOW GOING SOUTH

Flood Menacing South

MEMPHIS, April 9.—The levee at
Wilson, Arkansas, broke this after-
noon, according to reports here. The
roar was heard for miles up and down
the river. All wires there are down
and it is impossible to learn if there
is loss of life.

Thousands have labored throughout
the night at the Yazoo delta and peo-
ple from the villages and farms in
Northern Mississippi and Arkansas
are ready to flee.

The river north of Memphis is fall-
ing, but in the south it is rising as
rapidly.

RUMORED LEEVE HAS BROKEN ABOVE NATCHEZ

NATCHEZ, Miss., April 9.—Re-
ports have been received that the
levee has broken above this city.
The water is tapping the tops of the
levees here. The danger is believed
to be confined between here and
New Orleans.

River Falling at Memphis

MEMPHIS, April 9.—The river is
falling, and danger of future floods
is believed to be passing. The loss of
livestock in St. Francis basin has
been appalling. Thousands of cattle
have fled and were lost in the hills,
while thousands were drowned.
Steamers are daily bringing in refu-
gees.

"Wet" Campaign

CAIRO, Ill., April 9.—An aquatic
campaign is on at the Illinois pri-
maries here. Voters are going to the
polls in rowboats. Candidates have
chartered motorboats and are "get-
ting out the vote."

The river is stationary today.

R. R. EMPLOYEES IN PERIL ALL THE TIME

One is Killed or Injured Every Six Minutes, Declares Oregon Solon

WASHINGTON, April 9.—Every six minutes each day and night one railroad employee is killed or injured on American railways, was the declaration of Senator Chamberlain of Oregon addressing the senate in behalf of the employers liability bill.

Senator Chamberlain elaborated the measure, explaining that it requires the railroads to compensate for disability due to accidents, or pay the heirs of the men meeting death in their services. The bill wipes out the fellow servant or contributory clause. He submitted a brief arguing for the bill and its constitutionality.

SAVED LIVES OF 8 BY HIS HEROISM

Motorman in Santa Barbara Tunnel Risks Own Life to Save His Comrades

SANTA BARBARA, April 9.—To the courage of Frank Fizer, a motorman employed in the city tunnel, now being bored through the Santa Ynez range, eight men last night owed their lives. Fizer was walking through the tunnel, and ran into a cave-in 7000 feet from the mouth. Knowing that he was taking his own life in danger if he returned, Fizer waived his chance of climbing over the mass of rock, which was slowly filling the tunnel end, and returned to where the men were at work.

Upon being notified, the nine men returned to the spot where the landslide had occurred and found escape all but cut off. Finally, after wading to their arm pits in muck and climbing over broken timbers, the men managed to reach safety, not a minute before a still greater slide occurred which completely shut the tunnel in.

An examination late yesterday showed that more than fifty feet of the tunnel end is clogged.

GREAT MEETING IS DRAWING TO A CLOSE

Christian Revival Ends Wednesday—Theme Tonight: "The Unpardonable Sin"

(Communicated)
The revival at the Christian church has out run all expectations, assuming proportions the last few days that are wonderful. Last evening, Monday and raining, the congregation though not large saw six people make a good confession. So far, fifty-two people have united with this congregation of Christians, though the meeting has been in progress but twenty-three days. As Wednesday is announced for the closing day, it is expected that many more people will find themselves on the right side before the closing hour. "The gate of the Kingdom of God is as thin as a piece of tissue paper, but it is a matter of infinite moment whether you are on this side or on that."

Preparations are being made for a great closing evening. The baptismal service will occur the first part of the program. Evangelist Lowe will deliver a short sermon "Almost Persuaded," and a fellowship meeting will follow. All members, new and old, are expected to be present to welcome more than half a hundred new people, and witness the closing of the greatest meeting in the history of the Christian church in Santa Ana.

The sermon last evening was upon the theme: "Are People Saved Outside of the Church?" Mr. Lowe said in part: "By the term church, I do not mean, denomination or congregation, but that total body of sincere followers of Jesus, that united fellowship that lies deeper than denominationalism. Men made denominations. Jesus gave us the church. The first are human, the second is divine. Denomination is nothing. The church of Jesus is everything. Out side of that mighty church, founded by a divine Christ, constituting his body on earth, salvation is not provided. If so, you have salvation without the truth, without Christ, without God. It is that church for which I stand. I want it restored in name, teaching, ordinances and first. I have no time for anything else."

Tonight "The Unpardonable Sin" will be discussed in Mr. Lowe's sermon. Hear it.

DOES YOUR STOMACH DICTATE WHAT YOU SHALL EAT?

—Are you one of those "stomach slaves," bound irresistibly by the dictates of your digestive organs? It's an awful condition to get into—a condition that is wholly unnatural and unnecessary. If you will follow Nature's course—and right your system once—you can by adherence to the laws of consistency shake off these fetters that now bind you.

The whole trouble is—your system is clogged—it needs cleansing—revitalizing, building up. And this is easily accomplished if you will only follow the nature route—take Brackett's System Builder—made entirely from nature-provided herbs. It is a marvelously efficient remedy for all disorders of the blood, stomach, liver and kidneys. It starts right at the seat of the trouble—and builds up. Put up in pleasant-to-take tablet form—50 doses 50c, all druggists, or Wheeler & Mateer's Drug Store, special agents.

The members of the congregation of the United Presbyterian church held their annual meeting last evening and elected the following officers for the coming church year: Chairman, Col. S. H. Finley; clerk, John McFadden; trustees for three years, C. S. Ramsey; chief usher, D. L. Anderson; treasurer, J. E. Kellogg; assistant treasurer, Mrs. J. E. Kellogg.

The following figures taken from the treasurer's report indicate the growth and development of the work during the past year, and are very encouraging to the membership: Contributed to all funds ... \$25,393.31 Paid out to missions ... 2,580.00 Average per member to missions ... 10.00 Average per member to foreign missions ... 5.85 Average per member for all purposes ... 86.65 Contribution of the Sabbath school to missions ... 463.70 The pastor, Rev. W. L. C. Samson, and the chairman of the building committee, R. R. Smith, announced that from the present indications the new church will be dedicated on Sabbath, May 12, a minister from another city preaching the sermons for that day. Definite announcements concerning this will be made later.

FRENCH WALNUTS ARE TO BE GRAFTED IN OUR COAST ORCHARDS

Professor Ralph E. Smith Will Go to Europe to Secure Necessary Scions

SANTA BARBARA, April 9.—Prof. Ralph E. Smith of Whittier was in Santa Barbara this week conferring with C. W. Beers, county horticultural commissioner, relative to the work here and left later for the north.

Prof. Smith has completed the most extensive treatment on walnuts ever written and this will be published by the state for free circulation among persons interested in the industry.

Prof. Smith will leave in July for France to make a more thorough study of the walnut grown in the Grenoble district, and he hopes to be able to greatly strengthen the variety grown in this country. This he plans to do by grafting, as he expects to bring back scions from the hardy French trees.

Prior to leaving for Europe, Prof. Smith intends to conduct spraying experiments in this country. He has in mind using a much larger outfit than usual, as it has been demonstrated time is thereby saved, although more material is consumed. The work also is much more thorough and in every way more satisfactory. It is very probable something along this line will be demonstrated during the convention of state fruit growers here in June.

PRIZES FOR DESIGNS IN HONOR OF G.A.R.

Los Angeles Will Plant Flowers in Patriotic Designs in the City Parks

LOS ANGELES, April 9.—In honor of the G.A.R. encampment to be held in Los Angeles in September, the park commission has decided to have characteristic patriotic emblems planted in appropriate flowers in various city parks.

Commissioner H. W. O'Melveny announced yesterday that he would offer a prize of \$15 for the best design for a border to be planted around the sunken gardens of Exposition Park. A second prize of \$10 will be given for the second best design. The proposed border will be 800 feet long and about 18 feet wide, and it is proposed that it shall be composed of flowers and plants that will be distinctive for each month of the year.

Persons desiring to submit designs and plans for this border are requested to file them at the offices of the "Pacific Garden" at 148 West Colorado street, Pasadena, by April 25.

SHOWERS ADD 60 IN. HERE

Believed That no Harm Was
Done the Trees That Are
Now in Bloom

This county in common with all of Southern California had good showers last night. Rain gauges over the county measured from .55 in. to .75 in. Justin Copeland's gauge on Sycamore street showed .80 in., with 7.30 for the season.

Apricot growers and other growers whose fruit trees are now in bloom were a little anxious in some cases, but with the fruit fairly well set it is not thought that any damage was done.

The rain was a boon to sugar beets and barley, and adds to the supply in the mountains for summer use. Grass has grown rapidly in the hills since the first day of March, and cattlemen are pleased. Aerialists are likewise in joyous mood.

Healthful Hospitality

Elbert Hubbard has defined true hospitality as "the gentle art of making folks feel good," and—the shortest road to a man's heart being through his stomach—he argues that hospitality consists largely in providing palatable, wholesome, digestible, well-cooked food. To this end, the shortening medium used plays no small part. Cottolene makes food that accords with all the principles of hospitality. It makes things crisp, short and palatable, and wholesome and nourishing as well. Food cooked with Cottolene makes you feel good and makes you keep on feeling good.

Mr. Handley is a graduate of Princeton University, and having had a personal acquaintance with Gov. Wilson, is particularly well qualified to speak on the latter's abilities and qualifications for the presidency.

This will be the regular meeting of the Wilson Club, but it will be open, and an invitation is extended to all voters to hear Mr. Handley. The club especially hopes that there will be a large attendance of the ladies. The club will meet at 7:30 and the speaking begin at 8.

ALL STOMACH MISERY ENDS

Indigestion, Gas, Heartburn or
Dyspepsia go in Five
Minutes

If you had some Diapiesin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lumps like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your pharmacist for a 50-cent case of Pape's Diapiesin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapiesin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, indigestion or any other stomach disturbance.

STATE PRINTER NAMES HIS FOREMAN ON MERIT ALONE

SACRAMENTO, April 9.—State Printer Friend W. Richardson announced today that he had appointed Frank J. Smith to the position of general foreman of the state printing office. Smith is at present foreman of the ad department of the San Francisco Examiner and is recognized as one of the best systematizers and executives in the printing business. He has no political pull whatever and receives his appointment solely as a matter of merit.

Even operating the state office with much of the old force Richardson has been able to reduce the cost of manufacturing school books over thirty per cent, and now with a complete reorganization he expects to make a still better showing. Other changes are expected in the state printing office.

Frank J. Smith was born in Ohio in 1874, and his first printing experience was in a country newspaper office. Later he finished his trade in the great Warner book factory at Akron, one of the largest printing establishments in the country and running over one hundred cylinder presses. He was with the book house of Donnelly & Son, Chicago, and later with Smith-Brooks Printing Company, state printers, at Denver. His artistic work here received the commendation of the Inland Printer, and this attracted the attention of the big job printers of Los Angeles, Kingsley, Moles & Collins.

They made him an offer and he came to California. When the Los Angeles Examiner was launched he was made assistant foreman. Four years later he was transferred to San Francisco to take charge of the Examiner ad room. The plant had run down and needed reorganization. Smith installed a new system, put in labor-saving material, eliminated lost motion and cut the cost of production one-half.

Last July, in recognition of his splendid work, he was assigned to the New York Journal at a salary of \$3000 a year, but the conditions in the east did not appeal to him and he returned to the land of sunshine and resumed his former position on the Examiner.

In speaking of the appointment today, State Printer Richardson said: "In Frank J. Smith I believe I have secured one of the most competent men in the state. He is highly recommended by those for whom he has worked. He will take charge of the plant on the 15th of this month and then the reorganization of the state plant will be completed. I have made a number of changes to increase the efficiency of the office, and believe with the assistance of Frank J. Smith I can make the state office as efficient as any private plant. He is a man of rare ability in handling men. There were a number of good men under consideration, but I believe under prove that I have chosen wisely in selecting Frank J. Smith."

Sells-Floto Circus Is Here Friday This Week

Whenever the circus is at hand the track in order that patrons of the press agent comes along and commences to tell the editor of the paper all about the number of clowns his attraction carries, and singular to relate, this has never varied apparently since the first time that a tented organization took the road.

"Forty Clowns, Count 'Em, Forty," says this gentleman, and so runs the burden of his song, but until the Sells-Floto Circus comes along, nobody ever really saw forty clowns inside of the "big top."

Now comes at last the unfulfilled promise of years. The really truly forty clowns are about to invade our beloved city, and the press agent of the great Sells-Floto Circus swears by the great horn spoon, and by his reputation as the official "mighty voice" of the big consolidated shows, that the famous forty will appear at every performance, will come right in through the grand entrance, and will parade around the hippodrome

This is such a startling departure as to cause special comment, and on further investigation it is found that such celebrated joy producers as Frank Stout, Shorty Maynard, Jim Rutherford, George Brown, Jack Harris, Ab Johnson, Jerry Clayton, Billy Jameson, the Kelly Brothers and many other celebrated jesters are included in the list.

The Sells-Floto Circus will arrive here on Friday, April 12 for a single day's engagement. The time honored parade will be given at 10:30 on the morning of the first performance, and it should be remembered that the popular prices which have prevailed for the past two years are still in vogue. 25 cents admits to both menagerie and full performance. The regular ticket wagons will be opened at 9:30 o'clock.

Elegantly Tailored Spring Suits

The main difference between a good suit and a poor suit is in the cut and tailoring. The cloth is merely a matter of taste. If your suit is cut right, it is going to look well on you. We know these new spring suits are cut right. Every line is right, and every button placed just right to get the best effect of harmony of design combined with perfect fit. And the finish is perfect. It's the careful finishing that gives the charm and grace to these elegantly tailored spring suits.

The right goods at the right price has always been our policy. We have snappy models as low as \$15.00. We would rather sell you one of our better garments at \$20.00 or \$25.00 for we feel you would be better satisfied. You get a deal more quality in cloth and lining at these prices; besides, we fit them free of charge.

Pretty Serge Dresses \$6 to \$12.50

Why do you worry about having a dress made when you can get one designed and finished by expert tailors, all ready just to slip on? And look at the prices! Serge dresses at \$6.00! And they are made of good serge, too, and made in the new, high waisted effects, with pretty sailor collars, short sleeves, dainty cuffs, buttons, and everything to make up a stylish street garment. We have better ones, handsomely trimmed satin collars and cuffs at many prices up to \$12.50. We show only the best colorings, blues, tans, browns, grays, and white. Come in and look at them; it will be worth your while just to see what a splendid garment you can get for so little money.

AGRICULTURAL HIGH SCHOOLS

The Cultivator has often remarked that care should be exercised lest we make a fad of agricultural education instead of a real progressive movement. There have been cases where enthusiasm for this movement has hurried districts into establishing agricultural courses without proper consideration of the methods of making them effective; on the other hand there have been many marked successes. It is a question of teachers and this movement must not proceed so rapidly that inefficient teachers will discredit it. There are teachers being raised, and there have been teachers raised, capable of magnificent work. May their tribe increase.

One successful school has been established by the city of Los Angeles in its outlying district of Gardena. Fifteen acres of exceptionally rich soil have been set aside for agricultural work. The instructor in charge of the agricultural work is C. F. Palmer, and we believe he has an appreciation of the needs of agricultural work. This school is to be the gathering place for the spring meeting of the Southwestern Order of the American Association for Advancement of Agricultural Teaching, on April 6th. Farm Mechanics, Training of Girls for Farm Life and the Modern Farm and Farmer, will be discussed. In addition there will be a tour of inspection about the farm, and luncheon will be served by the department of household economics of the school.—California Cultivator.

CALIFORNIA PROGRESSIVES VINDICATED

As a result of the statements issued by Governor Hiram W. Johnson and other Progressives of national prominence, appearing in print Friday morning, the attitude of Senator La Follette in the present campaign is thrown into a new light, and the loud complaints of Walter L. Houser, La Follette's national manager—as well as those of certain other gentlemen who are acting as the Wisconsin statesman's representatives—are shown to be insincere and unjust. Recent utterances of Houser, wherein he accused Progressive leaders with having deserted and abandoned La Follette are revealed as plain, unvarnished untruths.

The several statements published are signed by Governor Johnson, Congressman William Kent, Amos and Gifford Pinchot, Medill McCormick, Gilson Gardner, the writer; George L. Record, the Progressive leader in New Jersey; John D. Fackler, leader of the Progressive forces in Ohio, who was La Follette's manager in that state until released and urged by Houser to give his allegiance to Roosevelt; and W. R. Nelson, editor of the Kansas City Star, one of the foremost Progressive newspapers in the United States. These statements, out of consideration for Senator La Follette, have long been withheld; but his own conduct, coupled with the dishonest and outrageous statements of his manager—Houser—have rendered necessary a full and complete exposition of the facts.

The evidence adduced is so ample, so complete, so cumulative and convincing as to leave no room, in any fair mind, of the representations now laid before the public.

Briefly summarized, the facts show that La Follette, acting through Houser, his duly accredited national manager, issued a general release to all his followers, and that La Follette himself, at least for a time, recognized and asserted his inability to proceed with the campaign.

When Governor Johnson went East he found the Progressive leaders discouraged because, instead of attending to his campaign as per agreement, La Follette had devoted himself to private work. His boom had lost its vitality throughout the east. The leaders, however, remained loyal to him and were ready to go to defeat with him in support of the cause.

There were numerous conferences, however, and finally the conclusion was reached by all that La Follette, in justice to the cause, ought to withdraw. Houser, La Follette's spokesman, declared repeatedly that his chief ought to pursue that course. On January 29th, to the Pinchots, Kent, McCormick and others, he made a like declaration.

A few days later, February 2nd, La Follette collapsed at the Publishers' banquet at Philadelphia. From that time on Houser was more than ever insistent that La Follette be declared out of the campaign. On Sunday, February 4th, at a conference, Houser told Senators Bourne, Bristow and

Clapp, Representative Lenroot and John D. Fackler, that La Follette could no longer be considered.

On Monday, February 5th, Houser and John Hannan, La Follette's private secretary, exhibited a type-written announcement in which La Follette formally withdrew and released all his followers. The following day Houser published another announcement, slightly different in form. He told various Progressives that it was a release. Over the long distance wire he called up Mr. Record, who was presiding at a Jersey City banquet of Progressives, and told him La Follette was too ill to go on with the fight; that he must take a long rest, and that general release was to be construed as the meaning of the announcement published.

Many more facts of like tenor are presented at this time. Every line of this correspondence is interesting, valuable, enlightening.

The important thing, however, is the proof that the Progressive leaders acted toward La Follette with honor and justice; that by repudiating now what he permitted to be done by his official representative in February, La Follette has unhappily placed himself in a position which does not square with what might be expected of him. And above all, the facts strip La Follette of the claim to a false sentimental sympathy upon the part of Progressive Republicans.

"It is money behind Taft that is fighting Roosevelt in many states where La Follette is making a canvass, California and Nebraska in particular," asserts James J. Montague, newspaper correspondent at Washington.

Lorimer, Congressman McKinley and Cannon were the head and front of the Taft campaign in Illinois.

Senators Lorimer and Stephenson are both Taft supporters.

DR. GREENE SAYS THAT WOMEN TALK TOO MUCH FOR HEALTH

BOSTON, April 9.—Dr. Charles H. Greene, lecturer in the Harvard medical school, has made the unique discovery that women talk too much. In a lecture on the "Hygiene of Women," he declared:

"Yes, women talk far too much. They would be better looking if they listened more. They are nervous because they do so much talking. The energy they use up in talking should be used for other purposes."

GIRL MUST SAY "YES" OR NO DAMAGES FOR PROMISE

KANSAS CITY, April 9.—An emphatic "yes" and not a smile or a mere nod of the head must be given by the maiden proposed to or she can not recover damages for breach of promise to marry, according to a decision in the Circuit court here yesterday.

Edna M. Cooke of this city sued Garnett Sparks, a horse and mule dealer of St. Louis, for \$10,000 damages, but her attorney withdrew the case when the evidence developed the fact that she had not said "yes" when Sparks proposed, but "took it for granted that he knew she would marry him."

THE PUBLIC UTILITIES ACT IN EFFECT ON MARCH THE 23RD

On March 23rd, the new Public Utilities Act became effective. Under this act, the Railroad Commission is vested with very wide powers of regulation and control over all the public utilities of the state, including railroads, street railroads, telephone and telegraph companies, heat, light, water and power companies and public warehouses and wharves. As to these utilities, the Railroad Commission will have

WORK OF THE REACTIONARIES TOO RAW TO BE EFFECTIVE

(By H. A. French.)

SACRAMENTO, April 9.—Humor in some respects and pitiful in others is the condition of the La Follette candidacy in California, now being fostered by the reactionaries in the desperate hope that they will be able to draw away from Theodore Roosevelt enough progressive votes to allow Taft to carry the state.

The pitiful phase of the situation lies in the fact that all authentic statements regarding La Follette's headquarters, and the cost of their publication is drawn from the same generous fund which the reactionaries have furnished to fool the people of the state. The spectacle of La Follette being boomed by the San Francisco Post, the property of Patrick Calhoun, the San Francisco Chronicle, owned by M. H. De Young, and the Los Angeles Times, is sufficient to cause sorrow to the real friends of the Wisconsin senator.

The pitiful phase of the situation however, lies in the fact that the presidency of what is known as the La Follette League has been bestowed upon Thomas Kase, former lieutenant and messenger of Abraham Ruef and protégé of Harrison Grey Otis.

Kase was the lieutenant of Abraham Ruef, and the mouthpiece of the convicted boss at the Partridge convention in the 1905 municipal campaign in San Francisco, when Ruef was endeavoring to prevent a fusion of Republicans and Democrats against Eugene Schmitz, then mayor and candidate for re-election.

Ruef was not a delegate to the

LOS ANGELES PRODUCE MARKET
The feature of the market for miscellaneous vegetables was the heavy receipts of asparagus, and the activity displayed in the trade. The low level was advanced 1 cent to 5 cents per pound, while the choice stock was firmly held at 10 cents. As many of the canneries in the river districts of the north have commenced to take their contracted stock, local receipts will doubtless fall off some, and the market will display a steadier tone.

Rhubarb was in liberal receipt, and was quoted at slightly lower rates. Only fancy offerings commanded top prices, with a wide range on other grades. The scarcity of Mexican tomatoes served to advance quotations 25 cents. The range of prices was fixed at from \$2 to \$2.25 per box. The market for peas showed no quotable change, but the market was inclined to be weak, owing to liberal arrivals and very little outside shipment. Fancy stock was quoted at 9 cents per pound. Lettuce was weak. There was a poor outside movement, and the stock on the local market sold from 50c to \$1 per crate. Strawberries arrived in fair quantities from near-by growers and found a fairly good market. No quotable change was shown in prices, and owing to the quality of the stock very little was shipped out. The best offerings were held at 12 cents per basket. Apples, with the exception of Bellefleurs, were held at last week's quotations. Both the four-tier and four-and-a-half-tier sizes of Bellefleurs declined, the former going to \$1.25 and \$1.35, and the latter to \$1 and \$1.10 per box. It is expected that there will be declines in this fruit from now on with the closing of the season, and other fruits commanding attention.

Pineapples were a shade firmer, and the best offerings were quoted 1 cent higher, at 9 cents.

There was little activity in the market for citrus fruits. The demand in most instances was restricted to the filling of routine orders. With supplies not over-abundant, prices were without noteworthy fluctuations. In navel oranges the better quality of desired sizes were leaders in demand, and brought full rates. Lemons were featureless, the demand being limited to small lots, with the choice grades most favored.

Receipts of eggs were liberal, but the demand was active; supplies were well taken care of at firm figures. There was only a limited call for outside stock at prevailing quotations. Arrivals were 735 cases.

The butter market showed no change over last week. Receipts of

creamery stock were light, and the market ruled firm. The demand was fair, and with stronger outside advices the market showed improvements.

The potato market showed no quotable change over Saturday, when a slight decline in Highlands was shown. The market was still top-heavy, there was an excellent demand, and local handlers are stocking up heavily, with the expectation that present prices will prevail until the new crop is running well. Receipts were 4456 sacks.

The arrival of Mexican Bermuda onions in fairly good quantities is serving to keep the market on other varieties from advancing, notwithstanding that holdings are limited. No receipts were reported in.

Sweet potatoes were firm to steady, with the best stock commanding top prices. Receipts were 8 sacks.

There was no important change in the bean market; pinks were in a little better demand, and a shade firmer, not that they are scarce, but because they are much lower than other varieties. No arrivals were reported in.

High prices still prevail in the local hay market. The market is firm, with little stock moving. Dealers are drawing on their holdings to meet demands. It is not expected that there will be any material change in the market for at least two months. It is asserted that considerable stock will find its way in on the market from Imperial Valley within the next two weeks, as reports from that section state that cutting is now in progress. It is not expected with receipts from there that any big change will be shown, as the demand is for choice stock.

ROOSEVELT CAMPAIGN OPENS IN EARNEST

LOS ANGELES, April 9.—Beginning April 11th there will be a lively series of meetings in Southern California cities, Francis J. Heney and Chester H. Rowell being the principal speakers. Mr. Rowell and Mr. Heney will address a meeting called especially for women, at Blanchard Hall, Los Angeles, on the date above mentioned. Extended preparations are being made for this meeting and it is expected that there will be a large attendance. Mr. Rowell will be able to remain in the South only a couple of days, but Mr. Heney will deliver a number of speeches. (Mr. Rowell will speak in Santa Ana on the night of April 11th—next Thursday.—Ed.)

GATES DEMOLISHES HOUSERS DEFENSE

"I am heartily pleased with the results which have followed the publication of the statements by Governor Johnson and the eastern progressives, setting forth the facts concerning the release granted to the followers of La Follette," said President Lee C. Gates, of the Roosevelt Progressive Republican League. "The statements published have not been denied by Mr. Houser so far as he is concerned; but he has sought to make it appear that what he personally thought and said cannot be taken into consideration. If Mr. Houser was irresponsible when, as the representative of La Follette he released La Follette's friends and declared La Follette too ill to continue with the fight, he must be irresponsible now when he seeks to besmirch the honor of a dozen of the leading progressives of the United States. Putting Mr. Houser and his peculiar ideas of propriety aside, however, the people of the United States have come to a clear understanding that the course of the progressive leaders was thoroughly sanctioned and justified, and that Mr. La Follette is not entitled to any sympathetic support at this time, when a division of progressive voters would mean the advancement of the interests of the reactionaries. As Governor Johnson recently said, the progressive, big or little, who forgets the cause in thinking of himself, is really an ally of the reactionaries."

Oh, How I Itched!

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch, constant itch, until it seemed that I must tear off my very skin—then—Instant relief—my skin cooled, soothed and healed! The very first drops of D.D.D. Prescription for Eczema stopped that awful itch instantly; yes, the very moment D.D.D. touched the burning skin the torture ceased. A 25c bottle proves it. D.D.D. has been known for years as the only absolutely reliable eczema remedy, for it washes away the disease germs and leaves the skin as clear and healthy as that of a child. All other drugists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute. But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—If you do not find that it takes away the itch AT ONCE, it costs you not a cent. Petty as Playwright

Ray Petty, well known here as former secretary of the artwhilo Y. M. C. The play, which will be the last one in which Occidental women will act roles, is entitled, "The Sawdust Hero," and it is a ring against the abolition of education in Occidental. It is said that the trustees of the institution will be severely grilled in the play for their action in deciding against co-education.

Music and the Drama

Ferris Hartman proved himself a "wise man in his generation" when he put his company of funmakers on the road with the jolly, swinging, rollicking musical comedy, "The Girl and the Boy." The fame of manager, play and players will blaze a path of success, for every city entertained by the aggregation will flash the glad news ahead that condensed fun, overfussing as soon as the footlights flash the joyous signal, is its way.

"The Girl and the Boy" is a musical correlation of purest nonsense, but generously endowed with song hits, an attractive chorus, and real comedy situations. The costuming is charming, the settings are fresh and beautiful, the singing brilliant and the dancing pyrotechnic.

Ferris Hartman is a host in himself, and out-Scotches the Scotch in his broad brogue as Angus McPherson, a private detective. Walter DeLeon, the author and composer of "The Girl and the Boy," and that other success-achieving musical comedy, "The Campus," is a light comedian of really rare quality, while captivating, laughing, April-day "Muggins" Davies is a joy to behold as she plays the "Girl," otherwise known as Michaela Sanderson Smith, familiarly termed "Mike" by her "Boy" husband, Hammond Smith.

DeLeon puts a tremendous lot of ginger into the part of the "Boy" and dances like a sky-rocket. The rest of the splendid company, Percy Bronson, Josie Hart, Myrtle Dingwall, Roscoe Arbuckle and the other jolly players, each one fitted his or her part like a glove.

Roscoe Arbuckle made a big hit here not only because he is irresistibly funny, but because he is a former Santa Ana boy. He received a hearty welcome last night. The audience that filled the auditorium from stage to foyer, balconies and

gallery, did not "hesitate" to call him back repeatedly after his singing of that merry skit.

The catchy songs, including "Oh, Gee! We're Married," "The Girl and the Boy," "Life's a Stage," and others, are such as snare the popular fancy to such an extent that they will be whistled and hummed in various and sundry ways for weeks to come.

Ziegler, owner of the property, which is a lot 30x80 feet, between the commercial hotel and Yriarte's building on West Center street.

The new bank is being organized by Geo. W. Hamler, V. U. Simpson and Charles Eysenbrod. It is understood that the capital stock has all been subscribed for by thirty business men of this city, each taking \$1,000 worth of stock. Plans will be completed for actual work on the new building immediately.

A fifteen year lease has been secured on this new building, which will be erected by J. Ziegler. The bank people's lease reads that they shall take it on the 15th of July, so that would indicate that building will be commenced at once.

The building is to be 30x80 feet, and two stories high. The cost of the building could not be ascertained, but it will be in the neighborhood of \$20,000 or \$30,000, certainly a great improvement to Anaheim.

New Building Across the Street
Dr. H. H. Houck has stated that he would erect a new business block on his property just opposite the new bank in case it was decided to build that. Dr. Houck owns the property between the Orange County Vine Co. and the postoffice, and which is at present occupied by several wooden structures.

LOS ANGELES TEAM WON BASEBALL GAME

ANAHEIM, April 9.—In a hotly contested game Sunday afternoon, the local team lost to the Tufts-Lyons of Los Angeles by the close score of 5 to 3. The game was one of the best of the season. Not until the end of the game was it certain that Ana-

SPLENDID SERMON PREACHED TO THE KNIGHTS TEMPLAR AT FULLERTON EASTER SERVICES

FULLERTON, April 9.—Easter services were held at the Christian church with the Knights Templar of Santa Ana as guests. Special music and decorations in colors and emblems of masonry marked the occasion. The sermon was by Rev. Bruce Brown on "The Battle Over An Empty Tomb."

"The record of the Knights Templar is replete with deeds of heroic service and its protection and defense of Christianity in the dark days of persecution is one of the radiant chapters of history. The seed of its flower and fruitage was sown in the days of the crusades. From age to age the crude faith had slowly developed that nothing could better prove the soul's devotion than a pilgrimage to the shrine of the savior's tomb. All roads to Jerusalem ran rivers of people seeking grace from a grave and consecration from a cross. The great churches of the Nativity and Holy Sepulchre became sanctuaries regarded with a devotion more passionate than the world had ever known before. This enthusiasm gave birth to convictions that no catastrophe could ever destroy. The pilgrim believed that the robe he wore when he entered the holy city would serve as a winding sheet to carry him to paradise. If his death occurred during his sojourn he was counted blessed by all his friends. If he lived to return to his home he was ever marked as one of heaven's anointed."

"But the day came when the revered tomb passed into the hands of the Moslem and the holy city ran rivers of pilgrim blood. Ninety thousand Christians died in a day. The sanctuaries were profaned, the patriarchs imprisoned and worship forbidden. But the tide flowed onward, beating and breaking on the opposition like waves upon a rock-bound coast."

"In these days of unchronicled woe and sacrifice was born a brotherhood devoted to the service of the helpless and friendless. The weary pilgrim far away from the homeland, sick and left to die by the roadside in a foreign land found a Templar by his

helm could not win. In the last inning they had two men on bases, but could not get them across. The Tufts-Lyons team is considered the best amateur team in Southern California. The last game played with this team, Anaheim won from them by the score of 3 to 2 in a 17 inning game.

side who knew his language and the motive of his heart. The Knights Templars build hospices, cared for the sick, fed the starving and buried the dead. The heart of the whole world is warmer and kinder because men with the red cross emblazoned on their bosoms wrote large the story of ministering love."

"In the light of a better day the world came to see that it mattered little if Islam ruled over the rock-hewn tomb in the garden of Joseph. We have learned that every spot is sacred where love lights an ensign, every house is God's temple where truth is taught, every hamlet is a holy city and every nation is a promised land. The crusaders battled for an empty tomb. They besieged a city that had lost its king. Had they saved the sepulchre they would not have found the king. Why seek ye the living among the dead? He is not here. He is risen,—this is the rally-ing cry for the new crusade, the ideal that lights the soul of the knight of modern chivalry."

"The Knights of the Temple and the Red Cross were driven at last from the land their master trod. They found an asylum on the island of Malta, and betrayed at last by Philip of France, saw their commander, Du-Molay slain and their stronghold demolished. God buries the worker, but the work goes on. The historic continuity of ancient Templarism was broken, but its spirit reappears and is reincarnated in that nobler order of knighthood represented by this commandery, erected to God and dedicated to the service of men. Again the cross is lifted high. 'In this sign we conquer,' but it leads us not to the empty grave in Joseph's garden, but to follow the risen Christ into the surging crowds that throng our streets. There were but four classes of people on the road to Jericho, the hurt, the hurtless, the needful and the helpers. No more than these can be found in our highways today. The nobleman of the Red Cross would live by the side of the road and be a friend to man."

BEEBE MAKING GOOD RECORDS

ANAHEIM, April 9.—Clarence Beebe, the distance man of the local high school is certainly coming through strong as an athlete. His work during the whole track season has been extremely good, and as yet he has not been pressed in his two events, the mile and half mile.

In the Y.M.C.A. meet held last Saturday afternoon in Los Angeles, where there were over eighty entries from all over Southern California, Beebe won the mile in 4:39, breaking the Southern California interscholastic record. The coast interscholastic record for this event is 4:37.35. In this meet he was not pressed, as he was 40 yards in the lead. He won the half mile in 2:06, with 75 yards to the good. Anaheim won fourth place in the meet.

Beebe has a wonderful future ahead of him in these two events. He at present is only a sophomore in high school, and by the time he has graduated he will have the record down several seconds. He has been brought out so far by Coach Culp, who will undoubtedly get him into much better form later.

SEVEN-TENTHS OF INCH LAST NIGHT

ANAHEIM, April 9.—The total for the last rainfall, according to T. A. Dikie's gauge, of yesterday and last night was .71 of an inch, making the season's total 8.77. The rains are not as much this year as last, but this year they have fallen so that a good crop will be harvested in every line.

SUSPENDED SOLONS ARE REINSTATED

Alleged New Mexico Bribe-takers to Hold Seats Until Their Case is Passed on

SANTA FE, N. M., April 9.—After a turbulent session the House, by a vote of 22 to 20, last night restored to membership Reps. Lucero, Trujillo, Montoya and Cordova, who were suspended when they were arrested several weeks ago on charges of having solicited a bribe. The accused legislators will resume their seats until the House finally passes on the charges resting against them. The action of the lower House of the Assembly in rescinding the suspension followed the presentation of majority and minority reports earlier in the day by the committee of investigation, eight of whom voted to find the defendants guilty and seven not guilty.

The test vote which reinstated the suspended members will have an important bearing on the senatorial situation. It is said, and may prevent the re-election of Senator Fall at this election, according to prevalent opinion.

When the House will take final action is not known, but it is believed nothing further will be done this week in regard to the bribery hearing reports.

COLORS FLYING IN SAN JACINTO

Whole population surprised. Entire business district of San Jacinto aflame with flags, pennants and banners announcing the dawn of the New San Jacinto. Decoration takes place at night after closing hours. One feature of the display is an artistically colored banner, five feet wide and over fifty feet long, strung across the main street, bearing the words, "Welcome, San Jacinto Board of Trade." There are hundreds of pennants and flags fluttering from doorways and windows everywhere.

The recent water discovery and development at the foot of Mt. San Jacinto, near by, has aroused the whole country around. The great beauty and rare fertility of the valley dates back to the government's first geological survey, but like many other sections of the country in times gone by, the scarcity of water prevented its full development. The new water condition, however, has changed the entire situation. High-class farming in all of its branches is now possible upon every foot of these particularly choice lands. It is this valley's turn now, and it will be interesting to watch it. If the past few months, with its thrill and flip-flops, are any criterion to go by, San Jacinto will give an account of itself that will not soon be forgotten.

The new electric light and power system, which circulates through the whole valley, has just been completed. The current will be turned on the first of the coming month.

Mr. Knowlton's foreman says he expects to get two tons of alfalfa per acre at each of the seven cuttings this season from his hundred-acre ranch on Mountain avenue. Two hundred tons per single cutting would mean 1400 tons for the season, or \$28,000.00 for the crop, if the present price of \$20.00 is maintained. These figures would no doubt make the back East farmer dizzy, but to the California rancher it means only an average production where anything like correct methods are employed.

PEABODY IS FOUND GUILTY

No Recommendation of Mercy
Given Schoolteacher Who
Violated Trust

Charles R. Peabody was today
found guilty of a felonious assault
upon Lorene Levereau, daughter of
Donna Levereau, when she was a 15-
year-old girl and a pupil of Pea-
body's at the Magnolia schoolhouse.
Evidence in the case was completed
this morning. The defense put on no
witnesses, and arguments on both
sides were short. Deputy Koepsel
led for the district attorney's office,
reviewing briefly the conclusive evi-
dence in the case. Attorney Bishop
did not ask for a verdict of not
guilty, but asked that in view of
some circumstances, among which
was the fact that Peabody has a
wife and two children, that the jury
recommend the prisoner to the mercy
of the court. District Attorney West
ended the argument, declaring that
the crime was the gravest for which
he had ever conducted a prosecution,
because the man was a school teach-
er, entrusted with the care of chil-
dren, and it was his duty to uplift
and not degrade them.

The jury received the case at
noon. The verdict was soon forth-
coming, and it did not contain a
recommendation for mercy. It was
plain "guilty as charged." Sentence
is to be passed at 1:30 o'clock next
Friday. Peabody's demeanor through-
out has been stoical.

The minimum penalty for the fel-
ony of which Peabody is convicted is
five years in the penitentiary, and
the maximum is life.

OCEANSIDE SUGAR BEETS LOOKING GOOD

Oceanside Blade: The beet men are
well pleased over the present situa-
tion in this locality. Some of the beets
are five inches high and thinning has
been going on for a week or more.
About twenty or thirty men are at
work in the valley at present, the bulk
of the force having gone to Yrdora
to work on the 2500 acres in that lo-
cality. L. A. Collier, field man for the
Southern California factory, which
will be the market for the beets in
the Oceanside country, has been look-
ing over the fields this week and is
predicting a good crop with ordinari-
ly favorable weather. He is of the
opinion that harvesting may begin as
early as July 15.

INVESTIGATOR REACHES HERE

He is Studying the Economic
Side of the Care of Tubercu-
losis Patients

John F. Leinen of Sacramento was
in Santa Ana today to make an in-
vestigation there as a part of a state-
wide investigation that he is in
charge of for the State Tuberculosis
Commission appointed by the State
Board of Health. Leinen is gathering
data showing the economic side of the
problem of the care of tuberculosis
patients, not the medical side of it.
In company with Dr. John Wehrley,
the county physician, he visited the
so-called county hospital at the cor-
ner of Fifth and Spurgeon streets,
where a few of the county's tubercu-
losis patients are kept.

His finding as to how this county
cares for its tuberculosis patients
will be made to the commission soon.
Leinen went from here to San Diego.

WASHINGTON, April 9.—Uncle
Sam was yesterday declared guilty
by the Supreme Court of misappropri-
ating a patent safety device for
breach-loading guns claimed by Col-
onel de Bange, a French army of-
ficer. An award of \$136,000 damages
against the government, given by
the court of claims, was affirmed by
the court. The French officer claimed

Colonel de Bange explained his de-

LINDBERG SCORES MONEY TRUST QUIZ

WASHINGTON, April 9.—Declaring
that the money trust investigation
in the house is being conducted by Wall
Street powers, Congressman Lindberg
of Minnesota introduced a resolution
demanding that every congressman
shall within ten days disclose the
quantity of stock he owns and in what
business he is interested. All mem-
bers failing to comply to be published
in the black list in the Congressional
record.

Congressman Pujo of Louisiana,
chairman of the money trust investi-
gation committee, had announced that
the oral hearing scheduled for tomor-
row has been indefinitely postponed.
No subpoenas have been issued for
these hearings. Lindberg said:

"Most of the members of the money
trust probe committee are interested
in banks or are attorneys for banks.
Wall street is able to intimidate bank-
ers. I predict that the committee will
not make a careful and diligent in-
quiry and that the investigation will
be perfunctory.
